

OF PINE CAMP COULD BE CALAMITY

Dr. E. C. Levy, Chief
Physician, in Letter to
Mayor Ainslie.

REMOVES SOURCE OF CONTAGION Unpracticable to Treat These Cases in City Hospital, and Return to Their Homes Would Be Calamity, He Writes.

The closing of Pine Camp would be
nothing short of a calamity, said Dr.
E. C. Levy, Chief Health Officer of the
city of Richmond, in a letter to Mayor
Ainslie yesterday. The only solution
of the Pine Camp difficulty, he advises,
is the prompt taking over by the city
of the plant and equipment of the Tu-
berculosis Camp Society, and its man-
agement, in the future, under municipal
direction.

Dr. Levy's advice was asked by the
Mayor after the latter had received
from the officers of the Tuberculosis
Camp Society an urgent letter de-
ploring the extremely in which Pine Camp
finds itself. The Mayor has indicated
that, unless the city took im-
mediate steps to assume charge of the
camp, it would have to be closed down
November 1.

FAIR PLAY FAR FROM SOLUTION

The letter provoked a free discussion
of the Pine Camp situation, and various
solutions of the difficulty were sug-
gested. Prominent citizens urged the
closure of the camp, and the removal
of the patients to the city hospital. The
Mayor, however, is of the opinion that
this is impracticable, and that the only
real solution is the taking over of the
camp by the city.

Dr. Levy's letter to the Mayor fol-
lows: "October 31, 1912. Mayor George
Ainslie, Mayor of the City of Richmond:
I have the honor to acknowledge your
letter regarding the Pine Camp. I beg to
state that, in my opinion, it is not
practicable to close the camp, and that
the only solution is the taking over of
the camp by the city. The Pine Camp
is a source of contagion, and unless
it is closed, it will be a calamity to
the city. The only way to remove the
source of contagion is to take over the
camp, and manage it under municipal
direction. This is the only way to
prevent a calamity to the city."

MAKES A COLD, OPENS CLOGGED HEAD AND NOSE

"Pape's Cold Compound" ends
severe colds or grippe in
few hours.

It comes instantly. Taken every two hours until
the cold is broken up, it breaks up a severe cold
in the head, chest, body or limbs. It
opens clogged-up noses,
clears the passages in the head, stops
coughs or nose running, re-
lieves headache, dullness, re-
freshes throat, sneezing, soreness
of throat.

It's a stuffy, cold, stuffy. Quit blowing
your nose! Ease your throat
with nothing else in the world gives
prompt relief as "Pape's Cold
Compound," which costs only 25 cents
any drug store. It acts without an-
aesthesia, tastes nice, causes no in-
convenience. Be sure you get the genuine.

menace the health of our city, while
to avoid this by putting them in a

The only solution, as I see it, is that
the city should promptly accept the
very generous offer of the Tuberculo-
sis Camp Society, and avail itself of
the equipment which will be given them
without a penny's cost to our city, only
leaving to the city the plain duty of

POLICE COURT CASES

Leroy Harris Goes to Jail for Stealing
Violin and Case.

Leroy Harris, colored, was sentenced
to ninety days in jail by Acting Police
Justice Griggs yesterday morning on a
charge of stealing a violin and case
from G. A. Crymes.

William Myers, charged with steal-
ing a quantity of copper wire from the
Chesapeake and Ohio Railway Com-
pany, was sentenced to four months on
the roads, and a like sentence was
meted out to Morris Connelly, who was
also charged with stealing copper wire
from the Chesapeake and Ohio Rail-
way Company.

William Green, colored, charged with
carrying a razor concealed in his vest
pocket, was fined \$100, in default of
which he now languishes in jail.

Robert Scott, colored, charged with
assaulting Agnes Pratt with a rock,
was fined \$25.

BRIGHT PROSPECT DEMOCRAT

"Long Tom" Haynes
Irvine Will Carry On
County.

Cheering reports indicating a Demo-
cratic victory in the Ninth District on
November 3 have come to the Capitol
from many sources in the last week.
The State officials, most of them, are of
the opinion that the prospect for
swinging the Ninth back to the Demo-
crats is never so bright as it
is this week.

One of the letters received yesterday
came to Alexander Forward, the Gov-
ernor's Secretary, from "Long Tom"
Haynes, chief of the Capitol force, who
has been campaigning for Candidate
Irvine in Dickenson County for the last
two weeks. "Long Tom" Haynes fore-
casts for Dickenson County the largest
Democratic majority that county has
ever given a candidate for Congress.
He ventures no prediction as to how
the vote will go in the other parts
of the district, explaining that he is
unwilling to stake his reputation as a
political forecaster on the vote in any
county unless he can make his calcu-
lations from personal observation and
contact with the voters.

EDENBAUM DR. G. T. COLLINS

Edenbaum Spoke
of His Profes-
sion.

A suit alleging slander wherein
\$5,000 for damage is sought by Dr.
Max Schoenbaum against Dr. G. T.
Collins, both practicing physicians of
Highland Springs, was called for trial
yesterday in the Circuit Court of Hen-
rico County. The plaintiff charges
the defendant with wickedly and ma-
liciously slandering him by speaking and writ-
ing disparagingly of his professional
conduct.

It is charged that Dr. Collins, in
conversation with Mrs. Minnie Barker
and others, made certain statements
calculated to injure, harass and em-
barrass the plaintiff. Attorney Isaac
Diggs appears for the plaintiff, and
the defendant is represented by At-
torney L. O. Wendenburg.

R. F. & P. Wain Both Cases.
Verdicts for the defendant have been
entered in the Law and Equity Court
in two cases against the Richmond,
Fredericksburg and Potomac Railroad
Company. In the first, the McGraw-

Yarborough Company sued the road for
\$1,500 for damages alleged to have
been suffered by it when one of its
trucks was crushed by the defendant's
cars. In the second case, the railroad
company was sued for \$500 by Robert
Edison Payne, driver of the truck in
question, who claimed personal injuries
as the result of the collision.

LABOR WARRANTS

Violations of Ten-Hour and Child Labor
Laws Are Charged.

Agents of the State Department of
Labor have caused a number of war-
rants to be issued in Buena Vista and

Radford, charging viola-
tions of the State labor laws, in the
last three days. A report was
made from each of these cities
by Labor Commissioner DeBerry, stat-
ing the names of the accused, the
charges preferred and the date set for
the trial of the cases.

Buena Vista.—Columbia Paper Com-
pany, violation of the child labor law;
City Steam Laundry, Miss E. Arbogast
and V. H. Colner, violation of the ten-
hour law. Cases set for trial on No-
vember 2.

Radford.—Model Millinery Shop,
Walker & Sublett, the Leader Store and
W. R. Robertson & Co., all charged
with violations of the ten-hour law.
Cases set for trial on November 4.

CROSS, FEVERISH, SICK CHILDREN NEED "CALIFORNIA SYRUP OF FIGS"

A coated tongue means slug-
gish liver and bowels—
Listen, mother!

Your child isn't naturally cross and
peevish. See if tongue is coated; this
is a sure sign its little stomach, liver
and bowels need a cleansing at once.
When listless, pale, feverish, full of
cold, breath bad, throat sore, doesn't
eat, sleep or act naturally, has sour
stomach, diarrhoea, remember a gentle
liver and bowel cleansing should al-
ways be the first treatment given.
Nothing equals "California Syrup of
Figs" for children's ills. Give a tea-

spoonful and in just a few hours all
the foul waste, sour bile and ferment-
ing food, clogged in the bowels, passes
out of the system and you have a well
and playful child again. All children
love this harmless fruit laxative, and
it never fails to effect a good "inside"
cleansing. Directions for babies, chil-
dren of all ages and grown-ups are
plainly on each bottle.

Mother, keep it handy in your home.
A little given to-day saves a sick child
to-morrow, but get the genuine. Ask
your druggist for a 50-cent bottle of
"California Syrup of Figs." Then look
and see that it is made by the "Califor-
nia Fig Syrup Company." We make
no cheaper size. Don't be fooled.—Adv.

The Stove that Burns the Air!

On a wintry day, when the room
was cold, have you ever opened the
door of a red hot stove and felt the
welcome warmth that flooded out?
Probably you've wondered why it was
that so much warmth was imprisoned
inside the stove and so little warmth
set free.

The problem of making a stove
radiate its heat is a difficult one. In
our new Richmond Hot Blast Circu-
lator the problem is more perfectly
solved than it has ever been solved
before.

Instead of only a single wall, the
Circulator has two. There is air
space between. Cold air is attracted
to the warm and enters at the bottom
between the heated walls, warms in
passing between them, and escapes
through vents in the sides and top. The stove
literally burns the air—radiates its heat. It
has just twice the heating surface of other stoves of the same size.
It'll give you twice the heat from the same fuel—cut coal bills in half.
